

Better Intimacy Partner One-Pager

Who we are: A private relationship OS built by security engineers after saving our own marriage.

What partners get:

- Dedicated Aurora Workspaces for every couple you sponsor
- Privacy-first analytics (no names, just momentum metrics)
- Co-branded onboarding + playbooks

Why it matters:

- 5 languages across 40+ countries
- SOC2-inspired guardrails plus backup codes
- Real-time rituals, conflict repair plans, and AI insights

How to work with us:

1. Pick a cohort (minimum 20 seats)
2. Assign a success partner from your team
3. Review anonymized insights every 30 days
4. Expand or sunset anytime â data always belongs to your couples.
